

**Find and use student strengths to  
identify career and educational paths**

## About AchieveWorks

- Support individualized learning and focused education and career planning by identifying individual strengths and challenges with *AchieveWorks*®.
- Discover every students' learning style, productivity preferences, emotional and multiple intelligences, skills and personality with assessments normed for elementary, secondary and postsecondary students.
- Each assessment typically takes less than 20 minutes to complete and is written and normed for the recommended ages.
- Leverage students' natural talents and develop specific areas to maximize confidence, satisfaction and success in school and beyond.
- See students' results cross-referenced with careers using Human eSources Career Matching Technology® for the most fulfilling careers.
- Professionals receive access to student portfolios and reports, as well as guidance on interpreting results in support of students. Easily see the resulting composition of all, or a subset of students with aggregate reporting and filters.
- Best of all, it's affordable, easy to use, requires no specialized credentials and includes excellent customer support!

## Assess strengths

- See how students' 4-letter personality impacts learning, work relationships, and more
- Measure the skills needed in school and at work, find the careers that match today and work toward future plans
- Discover learning styles, along with sensory, environmental and mindset preferences and how to best use them
- Reveal and develop multiple intelligences, including emotional intelligence
- Find the right career fit with Human eSources Career Matching Technology using personality, intelligence, skills and career cluster survey results

## See the results

- Interactive, easy to read reports detail student strengths, challenges and recommendations for improvement
- Badges and pins are earned as students read and interact with their report

- Self-knowledge and understanding of personal preferences allows for greater appreciation of differences between individuals

## Ensure success

- Valuable resources, training and support on the theories and research behind *AchieveWorks* assessments
- Receive detailed guidance on how to help students better understand themselves and use that insight to create actionable plans
- Track student progress, view aggregate reports, create groups and communicate with students using *AchieveWorks Pro Tools*
- Receive support through the self-help portal or by text message, email or phone

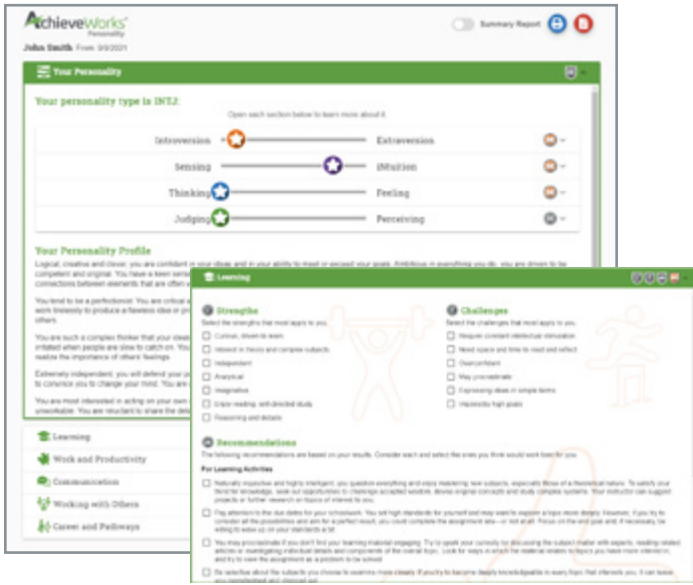

**Access online at any time,  
from anywhere, using any device**

# Personality

9<sup>th</sup> to 12<sup>th</sup> grade

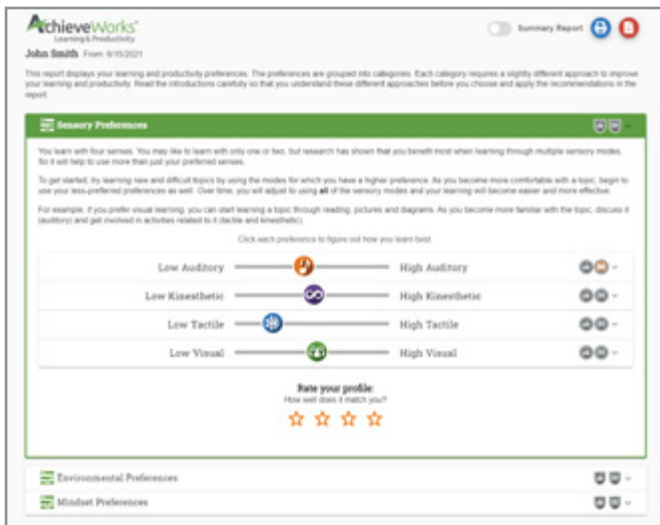

Use the enduring power of personality to improve students' education and career planning. See how students' personality impacts learning, work and problem solving, communication, collaboration, relationships, and best career options. Students receive their four-letter personality code (eg, ISFJ) and its related strengths, challenges, recommendations, along with a select list of careers that they're most likely to enjoy.

# Learning & Productivity

3<sup>rd</sup> to 5<sup>th</sup> grade & 6<sup>th</sup> to 12<sup>th</sup> grade

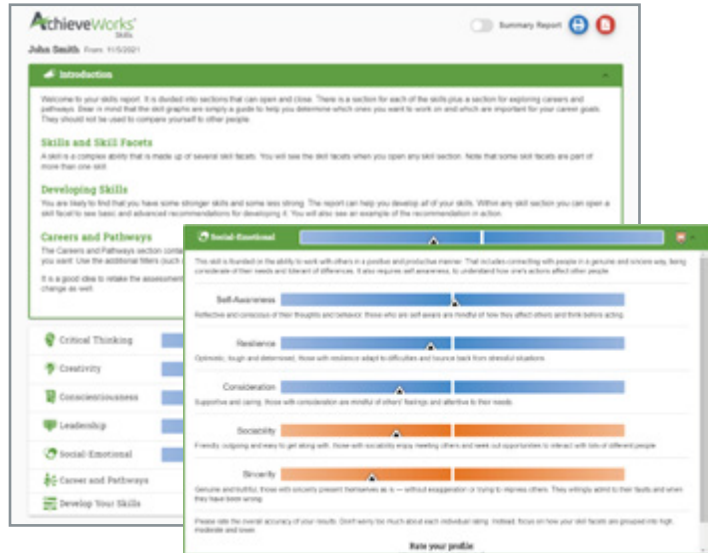

Decades of research shows that students learn best in different ways and by engaging all their senses. Discover each student's traditional sensory learning style, along with environmental and mindset productivity preferences. Build academic performance and personal satisfaction with individualized strategies to adapt students' preferences for success in multi-modal environments - all found in the engaging and

# Skills

10<sup>th</sup> to 12<sup>th</sup> grade

Some skills go by many names - soft, generalized, even employability. The 5 critical skills and 15 skill facets measured in this assessment align with HEXACO theory and provide a progress report over time when retaken. Students can see recommendations to build their skillset and a list of careers that they would do well at, based on their current skillset.

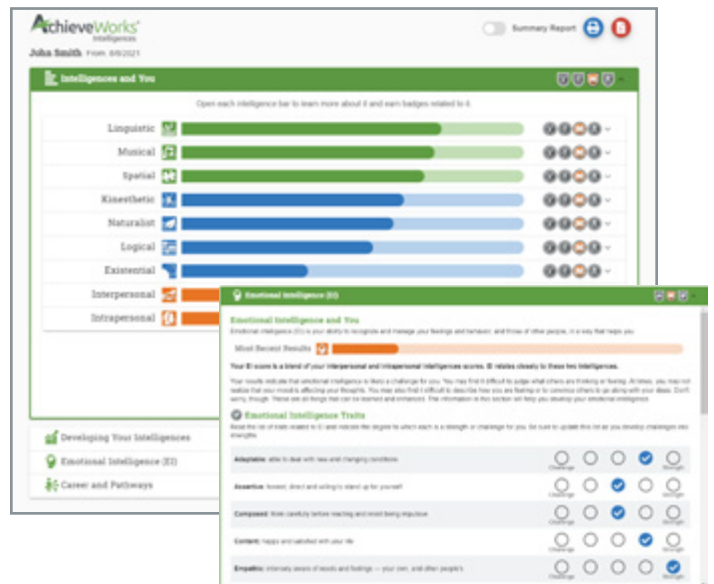

# Intelligences

8<sup>th</sup> to 12<sup>th</sup> grade

Intelligence comes in many forms and can always be developed further. Students who know their multiple intelligences and emotional intelligence (EI) strengths can leverage that knowledge to perform better in school and select a satisfying career path. Personalized reports include 9 multiple intelligences with advice for each, including strengths, strategies for growth, careers that would be a natural fit, and each student's rating of their EI traits.
