AchieveWorks®
Learning & Productivity

Improve academic performance and confidence with individualized strategies
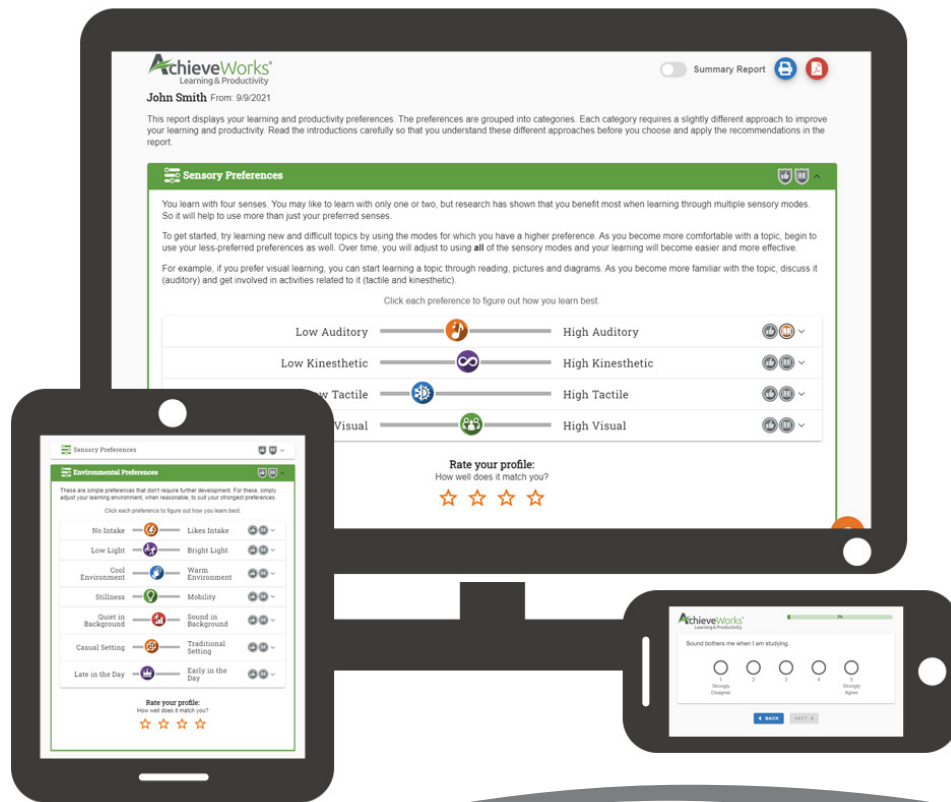

AchieveWorks®
Learning & Productivity

Decades of research shows that students learn best in different ways and by engaging all their senses. Show students how to understand their learning styles and productivity preferences to maximize their learning. Build academic performance and personal satisfaction with the individualized strategies for improvement found in the engaging and interactive report. Professionals can track student progress, view and manage student information, access detailed reporting and find support within *AchieveWorks® Pro Tools*.

The *AchieveWorks Learning & Productivity* online assessment is written and normed for students from 3rd to 5th and 6th to 12th grade and takes ess than 20 minutes to complete. Easily see the resulting composition of all, or a subset, of students with aggregate reporting and filters. Best of all, it's affordable, easy to use, requires no special credentials and includes excellent customer support!

- Discover each student's traditional sensory learning style, environmental and mindset productivity preferences

- See strategies to adapt students' preferences for success in multi-modal environments

- Receive detailed guidance on how to help students better understand themselves and use that insight to their advantage

- Easy to read, interactive report includes badges earned as students read and interact with the report

- Access online at any time, from anywhere, using any device
